A PRACTICAL FIRST STEP

See how SCOOL fits your school

Start with a guided walkthrough, then shape a pilot around the classes and day-to-day work that matter most to your team.

A SIMPLE PILOT PATH

1. **Walk through the app**
   Explore the system with a demonstration school.
2. **Choose a focused scope**
   Select classes, roles and workflows to review.
3. **Agree how to measure it**
   Set a pilot period, support plan and success measures.
4. **Review and decide**
   Use school feedback to agree the next step.

BUILT FOR NIGERIAN SECONDARY SCHOOLS

Junior Secondary Grades 7-9 and Senior Secondary Grades 10-12, with Science, Commercial and Arts pathways.

WHAT YOUR TEAM CAN EXPLORE

- School administration and planning
- Attendance, assessment and reports
- Learning tools and family portals
- Student progress and recognition

Contact us to arrange a walkthrough.

SCOOL by Happy Management Enterprise

Happy Management

SCOOL

School management system

A connected workspace for school leaders, teachers, students and families.

- Keep academic records together
- Follow attendance day by day
- Bring learning and family views closer

01 SCHOOL OPERATIONS

Tools for the people running school

Administration

Manage student and staff records, classes, subjects, events and school settings.

Assessment and reports

Record continuous assessment and examination marks separately. Review class results and term reports.

Attendance and timetable

Take daily class attendance, review weekly totals and work with class schedules.

Teaching tools

Share assignments, lessons, quizzes and class discussions with the classes you teach.

02 STUDENTS AND FAMILIES

A useful view beyond the classroom

Student portal

See personal results, daily and weekly attendance, assignments, timetable, mentor and published learning content.

Parent portal

See each child: results, attendance, assignments, timetable, mentor contact and school events.

Senior-school pathways

Eligible Grade 9 students can indicate a preference for Science, Commercial or Arts as they move toward senior secondary.

Keep learning connected

Teachers can publish lessons and quizzes, and open class discussions for student participation.

03 INSIGHT AND GROWTH

Follow progress and recognize effort

School and class views bring results and attendance into clearer focus. Growth and Mastery records student achievements, verified portfolio work and teacher commendations.

Also included: student and educator leaderboards, analytics, mentoring and a printable Student Achievement Passport.

PLANNED NEXT FEATURES

These roadmap items are being planned and are not available in the current system:

- Drop-off and pick-up SMS alerts
- Guardian pickup codes for approved delegates
- Student self check-in and check-out
- Vocabulary and number games with weekly leaderboards
